

S2

Science refresher: 5-minute reminder of techniques:

Overview: Just get to the correct area!

Note: Do not try to understand complicated material. **Focus on the answers!**

3 types:

Data:

point

Experiments:

both

Conflicting viewpoints:

finger scan

*Yikes: *Point, stall out, finger scan*

*Long question stems: *Break question into 2 parts:*

- 1. Circle 2nd part of stem (question) noun/verb to understand*
- 2. Read 1st part of stem, noun/verb to understand*
- 3. Put question back together*

*Sometimes 1 prior knowledge questions
