

# Junior Genius:

## Science review sheet:

Name: \_\_\_\_\_ Test #  Raw score: /40 Composite score:  Date:

| # wrong              | Passage type | What went wrong | Creepy code | E/M/T |
|----------------------|--------------|-----------------|-------------|-------|
| <input type="text"/> |              |                 |             |       |
| <input type="text"/> |              |                 |             |       |
| <input type="text"/> |              |                 |             |       |
| <input type="text"/> |              |                 |             |       |
| <input type="text"/> |              |                 |             |       |
| <input type="text"/> |              |                 |             |       |
| <input type="text"/> |              |                 |             |       |
| <input type="text"/> |              |                 |             |       |
| <input type="text"/> |              |                 |             |       |
| <input type="text"/> |              |                 |             |       |
| <input type="text"/> |              |                 |             |       |
| <input type="text"/> |              |                 |             |       |
| <input type="text"/> |              |                 |             |       |
| <input type="text"/> |              |                 |             |       |
| <input type="text"/> |              |                 |             |       |
| <input type="text"/> |              |                 |             |       |
| <input type="text"/> |              |                 |             |       |
| <input type="text"/> |              |                 |             |       |

1. Breakdown of the passage types I missed: Data  Experiments  Fighting scientists
2. I can increase my Science score by: \_\_\_\_\_
3. I need Professor Thomas' help with: \_\_\_\_\_
4. Was this practice test timed? Yes No
5. Did you remember to use the finger thing in data? Yes No Explain: \_\_\_\_\_
6. Did you understand the passages? Yes No Explain: \_\_\_\_\_
